

Economy Synthetic Grass

Suited for both indoor and outdoor use, synthetic grass is perfect for entertaining and general living spaces, playgrounds, for special events and as temporary surface protection. Produced using durable polypropylene, this artificial grass features a realistic appearance of a well kept lawn.

Available in 2000mm widths, this synthetic grass is customisable to your job requirement measurements, allowing you to cut on site as needed. Due to the loop pile construction, the product will not fray when cut. Economy Synthetic Grass is UV stabilised which make it perfect for outdoor use, and the flexible marine backing conforms easily to the surface beneath it.
